

THE VILLAGE OF LUMBY SNOW REMOVAL

With the winter season upon us Village of Lumby is kindly reminding residents to do their part in helping make the snow removal process more efficient.

Snow removal on all priority routes will be started by 5:30 a.m., depending on snowfall rates. Businesses and residents can assist the Village of Lumby snow removal and sanding operations by cooperating with the following:

1. **DO NOT shovel, plow or blow snow from driveways onto the streets.** This snow should be shoveled to the left of the driveway (when looking at the house from the street). **This potentially creates a dangerous situation for motorists Park your vehicles in your driveway** as opposed to the street when snow removal is in progress. Failure to do so may result in removal of the vehicle at the owner's expense.
2. The Village does not clear snow windrows from private driveways.
3. Children should be advised not to play on snow piles when snow hauling is in progress.

The Village of Lumby reminds all owners of commercial property that Bylaw No. 213 states that removal of snow and ice must be removed from sidewalks and foot-paths bordering their property within 24 hours after a snowfall or be subject to a fine.

The Village of Lumby thanks you for your efforts to streamline snow removal throughout the municipality
